4. Upload your video

The screenshot shows a video upload interface with a green navigation bar at the top containing links: Home, About, Videos, Channels, Projects, Categories, Sponsors, FAQ, Help, and an Upload Video button with an upload icon. The main content area is divided into two columns. The left column is for video file uploads, and the right column is for URL uploads. A blue arrow points from a yellow callout box 'Select your video' to the 'Choose File' button. Another blue arrow points from a yellow callout box 'Paste a YouTube or Vimeo link' to the URL input field. A third blue arrow points from a yellow callout box 'Type in the video title' to the 'Video Title' input field. A fourth blue arrow points from a yellow callout box 'Type in the description' to the 'Description' text area. The 'Video Title' field contains the text 'Living Soil'. The 'Description' text area contains a paragraph about a 60-minute documentary and a list of special thanks.

The screenshot shows a web interface for managing videos. At the top is a navigation bar with links: Home, About, Videos, Channels, Projects, Categories, Sponsors, FAQ, Help, and an 'Upload Video' button with an upload icon. Below this is a user profile section with a cartoon character, the text 'Hi,', and tabs for Videos (1 Videos), Subscribers (No Subscribers), About (Channel Info), and Analytics (Channel Analytics). The main content area is titled 'Channel videos' and includes buttons for 'Add video' and 'Bulk delete videos', along with a 'Status' filter set to 'Any' and view toggles. A video thumbnail of sunflowers is shown with a dropdown menu containing 'View', 'Edit', and 'Delete' options. A confirmation message at the bottom states 'Video *Living Soil* has been created.' Annotations with yellow boxes and blue arrows point to the video thumbnail, the dropdown menu, and the confirmation message.

The screenshot shows the website for "Living Soil Film". The navigation bar at the top includes links for Home, About, Videos, Channels, Projects, Categories, Sponsors, FAQ, and Help. A green "Upload Video" button with an upload icon is located on the right side of the navigation bar. The main video player displays a landscape of a green field with the title "LIVING SOIL" overlaid. A play button is centered on the video. A yellow callout box with the text "Click on Share button and spread the news" points to the "Share" button in the video player's interaction bar. A share menu is open on the right, showing options to Embed, share on Facebook, Twitter, or via email. Below the video player, the video title "Living Soil" is displayed, along with the channel name "EcoFoodTourism", upload time "20 hours ago", and view count "1 View". A description follows: "This 60-minute documentary features innovative farmers and soil health experts from throughout the U.S. Accompanying lesson plans for college and high school students will can also be found on this site. "Living Soil" was directed by Chelsea Myers and Tiny Attic Productions based in Columbia, Missouri, and produced by the Soil Health Institute through the generous support of The Samuel Roberts Noble Foundation." A "Subscribe" button is visible in the bottom right corner of the video player area.
